

SUSTAINABLE WOOD *for a* SUSTAINABLE WORLD

A NEW INITIATIVE OF THE COLLABORATIVE PARTNERSHIP ON FORESTS

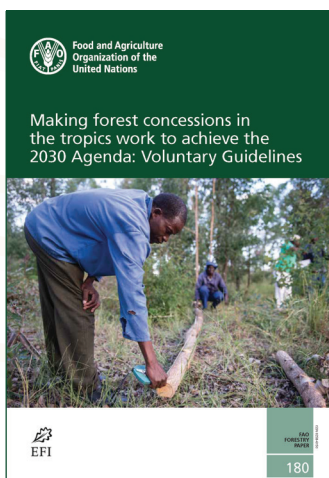

INCLUDES LAUNCH OF **NEW** VOLUNTARY
GUIDELINES ON FOREST CONCESSIONS

UNFF13 SIDE EVENT

THURSDAY, 10 MAY, 13.15–14.30
UN HEADQUARTERS, CONFERENCE ROOM 4

Please join us to learn about our initiative Sustainable Wood for a Sustainable World (SW4SW), which focuses on how to make the most of the myriad social, economic and environmental benefits that can be derived from sustainable wood and wood products.

We will also launch new voluntary guidelines: Making forest concessions in the tropics work to achieve the 2030 Agenda. These are aimed at improved forest production, a key element of sustainable forest products value chains.
